

## **Bridey Rose Solo & Duo Biography**

Bridey Rose gives a passionate and upbeat performance with a powerful vocal and great guitar groove. With 7 years experience alongside some of the leading names in music, Bridey's performed amongst a variety of settings and reputable venues. From private functions and beautifully crafted weddings, through to the bustling bars of Mitchell street. From the diverse atmosphere of the Darwin Festival, thought to the Black-Tie corporate events of parliament house or AHA Gold Plate Awards.

Bridey's bubbly onstage presence is a reflection of her long jeopardy in the industry where she took up her profession at the tender age of 15. With the cheeky banter and dress-to-impress stage presence Bridey loves every aspect of her job, much of this credited to her family of professional musicians which have allowed her to appreciate a great variety of popular cover songs and old school classics. Bridey brings versatility to her sound with optional stomp box (bass drum) to give a more upbeat performance if required. Alternatively you can opt for a more relaxed and background dinner music set.

Speaking of versatility.... a high energy duo option is also available with the inclusion of Lukas Lore, one of Darwin's most respected drummers using an electronic drum kit which offers a volume controlled percussive element with better feel and sound. This opens up the option of adding a traditional sounding drum kit as an upbeat background sound - perfect for smaller private functions, wedding or corporate product launches!! Lukas also doubles up as a second vocalist making the Bridey Rose duo the perfect options across a variety of budgets and event settings.
