

## **Jase Pawley - Biography**

Jase Pawley is a 25-year old vocalist and guitarist who hails from the Central Coast in New South Wales, but has fallen in love with the Territory when he moved to Darwin due to the Army back in 2009.

Growing up with a professional musician for a father, Jase knew that music was in his blood and he quickly realised that he was born to play. At a very young age, he developed his skills in simultaneously playing the harmonica and guitar.

Although fairly new in the music scene, he is rapidly becoming a favourite at venues such as The Precinct, The Lost Arc, The Youth Shack, and The Deck Bar.

Jase has a unique ability in playing the harmonica and the guitar at the same time which in turn provides a musical element not many musicians can match. Along with a stomp box, he truly is a one-man band ready to perform at any type of function whether it be from a high-scaled wedding to a private party. Jase can have you on your feet dancing along to pub rock songs or have you lounging on your chair with chilled out easy listening music.

Some artists, he covers are Tracy Chapman, Coldplay, Pearl Jam, The Eagles, Red Hot Chili Peppers, John Mayer, Creedence Clearwater Revival, Billy Joel, Paul Kelly, Diesel, Van Morrison, Bob Dylan, Neil Young, Eric Clapton and many more.
