

## THE OUT FITZ

THE OUT FITZ (best known locally by their pub-faring alter-egos The Coffin Fitz) have been entertaining Darwin partygoers for more than 6 years, having played countless shows at venues such as Mindil Beach Casino & Resort, Hilton Hotel, Parap Tavern, Palmerston Tavern, Howard Springs Tavern to name a few.

The band is made up of a selection of some of Darwin's finest, all distinguished and accomplished musicians with a unique ability to read their audience, and tailor the show to suit requirements and budget without compromising on performance.

The Out Fitz typically appears as either 4 or 5 piece, featuring both male and female lead vocals, along with strong harmonies and backing vocals from the other core band members on guitar, bass, and drums. They are able to add keyboards and/or saxophone to the line-up, adding more depth to their shows, if required.

They have a wide and varied repertoire of songs with an emphasis on the golden age of the Australian live pub scene, loading their sets with memorable classic rock and sing-along anthems of the 70's, 80's and 90's – a successful formula which has given them a loyal local following both with corporate clients as well as at the pubs.
