

MELANIE GRAY BIO

With a heart filled with adventure, a soul inspired by Australian stories and a voice that soars, Melanie Gray is youthful, modern addition to any event.

As a performer Melanie Gray is distinctly Territorian. Laidback, humble, engaging, and likeable. She creates comfort and familiarity at her shows – you feel like you’ve known her for years. The warmth comes from an honest love of performing and from growing up in the Northern Territory.

Her musical range is impressive. She moves easily through pop, country, and rock genres. And that versatility also allows Melanie to create specific songlists for themed nights.

Her go-to playlist of cover songs includes classics from Cold Chisel, Creedence Clearwater Revival, Cheryl Crow, Diesel, Stevie Wonder, Maroon 5, KC & The Sunshine Band, Amy Winehouse, Georgia Satellites, Lee Kernaghan, Keith Urban, Tina Arena and many more.

With notice, Melanie is also happy to learn new specific songs to ensure your evening is exactly what you want. And if you’re lucky, Melanie will throw in some of her award-winning original songs.
